

Lesson 3 Ending Activity:

Think about your favorite book again. Can you make a list of all the settings in the story? Remember, a setting can be a time or a place!

Example List:

Where—Locations & Places: On a dark desert highway, Inside the iCloud, Our house in the middle of the street.

When—Times: A long time ago..., July 31st, 1605

Now, look at the scene you've been working on during these videos. Do any of the characters talk about where they are or what time it is? If not, add those details into your scene. Think about how you talk about places and times in real life. We want the lines to sound like real people are saying them!
