

## Lesson 4 Ending Activity:

Think about your favorite book from previous activities. What is the big problem in that story? Are there smaller problems along the way?

### Example List:

—Timmy has to survive in the wilderness and be saved (Big conflict).

—Timmy has to build a fire to stay warm (Small conflict).

—Timmy starts to doubt that he will be found (Small conflict.)

Look back at the scene that you've been working on with these videos. Does this scene show what the bigger problem is? Does it have a smaller problem in it? Revise and edit your scene to include a problem if it doesn't have one. Remember, make the lines sound natural and like things people really say!
